Why study Deuteronomy? Because it invades our lives. A careful exposition of this book will leave no stone of motive or activity unturned. It will force us to ask ourselves, ‘Are we really living a thoroughgoing Christian life out of love for our gracious God?’ And a faithful application of this book’s teachings will produce a community of people that will draw the admiring attention of a culture that is spinning madly out of control...” (an excerpt from the study guide)

Join us as we dig into this 25-week study of a fascinating Old Testament book that has much to say to our modern culture! *Book cost: \$15*
